

Revised Date: 1-31-12	Please note: This is not a comprehensive listing. Additional agencies/SuDoc stems can be added should a library elect to serve as a COE for an agency or subject area not currently represented. Where a specific sub-agency has been identified, we have included the range of secondary numbers (the number following the period in the SuDoc class stem) for that entity in an abbreviated form, e.g., C 1.100-115, meaning C 1.100-C 1.115.	Legend: Entries in blue have a signed MOU agreement on file. Entries in gray have an MOU in process. Entries in salmon have indicated a tentative interest.
