# Program Growth

Libraries in Program

### Retention by Program

CRL Collection Analysis  
Services Pilot Project  
January 31, 2018

# What can we learn?

- Overview of serials, across institutions –
  - Number of Holding Libraries, and Depth of Holdings
  - Data Integrity (identify non-standard data in records)
- Titles and holdings reports indicate if a single library owns the full run of a title or will piece together full runs of titles from multiple sources

- Collaboration between print archiving programs
  - Scholars Trust, WRLC, FLARE, Western Regional Storage Trust (WEST), and Big 10 Academic Alliance (formerly CIC)
- Began meeting in October 2015
- Goal of increasing collaboration between these programs while increasing retention of print serials across the country
- Retain 100K more titles by 2021, ideally 3 copies of each
- Common guidelines for metadata, gap-filling, last copy retention
